WE CARE

That's why we're committed to bringing you local, sustainable, natural and organic foods and environmentally friendly products

Like:

- milk that's free from BGH
- cage free eggs
- organic produce items including baby lettuce, baby spinach, arugula and tomatoes, locally sourced when in season
- organic iced tea
- products that are free from hydrogenated and partially-hydrogenated fats or oils

Plus we've committed ourselves to the reduce, reuse and recycle philosophy by incorporating major changes in all of our restaurants and specialty coffee bars

These changes range from:

- full composting and recycling programs, where available
- 100% compostable hot paper cups
- napkins from paper made with 100% post-consumer waste, free from bleach and dyes
- carry out packaging made with 100% recycled paperboard
- even the menu you are holding is part of the solution...most are printed on paper generated with at least 30% post-consumer waste and in some cases are produced from a tree-free recyclable product
